

# BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

## FIRST TO WIN GOLD MEDAL

Dale Collier of Rock Island, Ill., has the honor of being the first scout to win the new gold medal just designed for the Court of Honor, by Belmont Brown, the explorer. The incident which won the coveted National Scout Medal of Honor for young Collier occurred last January.

The boy had just started on an errand for his mother when he noticed three men walking on the ice on the river. Even as he saw them he perceived to his horror that the ice was breaking beneath them. He ran about 300 yards and found an old boat. There were no oars but he snatched up a piece of board and jumping into the boat broke his way through to where one of the men was sinking. The boy threw him the board and pulled the boat, fast filling with water, close to the man, got him into it and back to shore. Then emptying out the boat he set out again in search of the others. This time, not having even the board to help him, he beat his way through the ice downstream with his fists. By this arduous process he finally got to where the other two men were. He manœvered with much difficulty to get both into the boat, which then began to sink from the weight and having shipped so much water. The men being unconscious the boy bailed for dear life with his hands, screaming for help. Another boat reached them in time and all were gotten ashore. Not content with his already heroic achievement young Collier worked over the unconscious men trying to induce artificial respiration. He succeeded in the case of one man but the other who was just recovering from an illness never regained consciousness. The story is one of the most striking of the many noteworthy instances of scout pluck and resourcefulness that have passed through the hands of the Court of Honor and Scout Collier well deserves the honor accorded him.

### SCOUTS ON THE JOB.

Out in Bellingham, Wash., some spectators chuckled with approval over the following incident and reported it to the local papers: A quart bottle of milk had been dropped in the street and lay splintered into a thousand pieces prepared to do their worst to all passing tires. Two lads in khaki "happened along." Instantly their sharp eyes took in the situation. "Boy Scout Safety!" they shouted in unison and swooped down upon the broken bits of glass, which in another moment were gathered up and deposited in the proper receptacle. An excellent object lesson this, to all who witnessed the incident and another proof that scouting is doing just what it claims to do—makes responsible citizens.

A small boy pushed accidentally to the ground in a school yard recently suffered a broken leg. Instantly there were boy scouts at hand to take charge.

### A G. A. R. VERDICT.

A G. A. R. veteran of Columbus, Ohio, says: "While attending our Grand army encampments for the past few years in many cities of the United States I have come to the conclusion we could not get along without the boy scouts' everwilling help. They are the first persons we meet when we get off the train, to carry our luggage to our stopping place, and if we have no place engaged they will take us to one and see that we are made comfortable. They can beat the police at their own game when it comes to watching a street crossing or keeping the streets clear for parade. They are always on hand with a cool cup of water; in fact, everywhere to do a good deed for somebody. I have learned to love them. I consider the boy scout movements one of the best schools of American education. I say God bless them and the men who contribute their time and money to boost them. Boys, the Grand Army of the Republic are your friends."

### SCOUTS DO EMERGENCY WORK.

Boy scouts did noteworthy work after the tornado disaster in the South last spring, working tirelessly for many hours, rendering first aid, searching for the dead, and removing the wreckage. Local papers at the time expressed the greatest admiration for the pluck, energy and endurance of these young citizens pledged to service of others at all times and under all conditions.

### VETERAN CORPS ORGANIZED.

Veteran scout associations made up of men who have served at least five years in the movement are now being organized throughout the country. Philadelphia, Baltimore and Chicago have respectively the honor of establishing the first, second and third Veteran Scout corps. Over 130 men have registered already as ten-year service men and hundreds more are eligible. Here is a roll of honor of which the movement may be justly proud.

### CAUSE OF APPENDICITIS

When the bowels are constipated the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.

### Island Has Disappeared.

One of the most famous of disappearing islands is Expedition island, situated off the northwest corner of Australia, and which was visited as lately as 1893. Today it has disappeared, and is now fifty feet below water. The island was thirteen miles long, and famous for its beauty.

### Racing Monkeys.

It is true that an active boy could easily outrun most monkeys "on the flat." But there is one species, known as the Potos monkey, which is very swift. Built somewhat like a greyhound, it can gallop at a speed of 18 miles an hour, and outdistance a good pony.

### Astronomer's Advantage.

Jed Tonkins says an astronomer talks in such large figures, you'd rather believe anything he says than try to check up his arithmetic.

### Original "Buccaneers."

The term "buccaneer", originated on the island of Tortuga. It is derived from the French word describing men who cured meat by the "boucan" process, a system of smoking the flesh on green sticks.

# Wear Better Clothes

*Wear better clothes for the same reason that you buy better gas for your automobile—better coal for your furnace--the 'quality' grade of anything you wear or use.*

*Cheap clothes always turn out to be most expensive. One good suit will outwear two of the cheap kind---and you also have the satisfaction of feeling and knowing that you LOOK right in a good suit of clothes.*

## Kuppenheimer Good Clothes

are the real "investment in good appearance." For over fifty years their makers have maintained a quality standard which has, today, become the quality-value standard of all ready-to-wear clothing.

That's why we sell these fine clothes---we're proud to offer the men of this community the STANDARD of value, satisfaction, wear, economy and right price. New fall styles in suits and overcoats---now ready.

Prices one-third lower than last fall
